

To whom it may concern,

I am writing to provide a strong recommendation for Chidera Mary Eya, whom I have had the pleasure of working with from 2022 in our English language school EnglishHouse.

Mary has demonstrated exceptional skill and dedication in teaching English to both children and adults. Her ability to adapt their teaching methods to suit different age groups and learning styles is truly remarkable.

Mary's expertise extends beyond just language instruction. She has consistently shown a deep understanding of second language acquisition principles and stayed current with the latest teaching methodologies. Her commitment to professional development is evident in the innovative approaches they bring to the class.

Furthermore, Mary is an excellent team player, always willing to collaborate with colleagues and contribute to curriculum development. Her positive attitude and strong work ethic make them a valuable asset to any institution.

Mary has my highest recommendation, and I am certain she will continue to inspire and educate students of all ages in their future endeavors.

Yours truly,

Yuliia Zhornova
