Grammar Advisor (40 hours)

Grammar Advisor is a self-study grammar course and a grammar reference designed specifically for teachers of English as a Foreign Language and English as a Second Language. It contains four units which include numerous self-test quizzes, a glossary, and an interactive feature called "Ask the Grammar Advisor" in which students can solicit answers to their specific grammar questions and read previous questions submitted by other students. In addition, there is a search feature which allows students to research their topics and use Grammar Advisor as a reference.

Grammar Advisor will issue certificates to students if they complete the comprehensive 100-item multiple choice final examination with a score of 70% or better. It would require an average of 40 hours to study the course, respond to the self-check quizzes, and complete the final exam.

University Credit Eligibility
