

Vladyslava Kedo

has volunteered their time and effort into localizing Microsoft MakeCode and Open Food Facts projects.

During their university practice at Crowdin, this student was working on a continuous localization and demonstrated high levels of adaptability, positivity and English language knowledge.

Their eagerness to learn and self-management skills makes them a valuable asset to any team. Thank you for your effective help in providing monolingual people with access to more information!

1.11 - 12.11.2021 / 3 ECTS credits
