MOBILITY OF YOUTH WORKERS

Learning mobility projects of youth workers support the professional development of youth workers by enabling them to acquire new skills and professional experiences. The projects may include transnational activities such as seminars, training courses, contact-making events, study visits and job shadowing periods abroad. The projects also contribute to strengthening the quality and the role of youth work in Europe.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.

COMMUNICATION IN MOTHER TONGUE

Thanks to project I realized, how important is speaking in Ukrainian language during our life.

COMMUNICATION IN FOREIGN LANGUAGES

I was developing my English skills thanks to this project.

MATHEMATICAL COMPETENCE AND BASIC COMPETENCES IN SCIENCE AND TECHNOLOGY

During the week I developed my skills in science and technology knowledges thanks to the group in Facebook.

LEARNING TO LEARN

- Exploring all sides of extremism.
- Role of media and propaganda on minds of people.
- Theory of violence, hate and understanding how important is to find balance.
- Interesting topics about stereotypes.
- Influence of prejudice on increasing level of discrimination.
- Important role of youth work

SOCIAL AND CIVIC COMPETENCES

The main topic, which I understand:

No matter who you are by nationality, religion, your way of thinking is important, what matters is whether you respect another person. never judge people by first impression. I know a huge number of the kindest people, and they are Muslims, and people who killed others, however they are Orthodoxies.

SENSE OF INITIATIVE AND ENTREPRENEURSHIP

Now we like the young generation should solve the problems of the extremism, which spread all over the world. If we want to make the world a better place to live, we should do it now, not tomorrow.

CULTURAL AWARENESS AND EXPRESSION

All of us must respect other cultural traditions and distinguishing features.

OTHER SPECIFIC SKILLS

New knowledges about NHSM:

Do you know even one person who has never suffered from hate speech? No!

The idea of NHSM (the organization No Hate Speech Movement) is to reduce the levels of acceptance of hate speech and prevent hate speech through human rights education. It's depends on every person to control behavior and do not humiliate others.
