To Whom It May Concern

This letter of reference was written with my pleasure and honor for Mrs. Yuliya Grabko, who worked under my supervision as an ESL teacher for adults. Mrs Grabko gave her best for the period of two years that she was teaching at Encool International Language Village so I would definitely recommend her as a responsible and competent employee.

Her excellent knowledge of subject and the ability to address the need of each student made her an outstanding professional in the field of teaching. Being highly organized and dedicated teacher Mrs Yuliya Grabko can create a great atmosphere in the classroom and attract all students' attention. Her lessons are always interesting, well-prepared and disciplined. She has a great sense of humor and perfect communications skills. Her honesty, warm heart and reliability ensured that she was really liked and respected by her students and colleagues throughout her career at Encool International Language Village.

I sincerely wish Mrs. Rogers all the best on her future path and with all those qualities and skills that she possesses she will certainly be an asset to your institution.
