INFORMATION ABOUT THE PROJECT:

In The Great Yonder European Solidarity Corps team-volunteering project, volunteers supported the preparation and the implementation of an international gathering in a tiny village in North-Hungary, which is being turned into a green, innovative cultural meeting point. Volunteers helped at the festival, creating a space that welcomed artists, intellectuals, musicians from all over Europe to be in a community where members are free to share and learn from each other, collaborate, explore and create together. The volunteers' work included setting up and deconstructing the festival venue and assisting the event organizers with the info-point, gardening works, or creating orientation signs.

THE TASKS OF MIN TKHAO CHAN IN THE PROJECT:

The participant worked together with a team of 11 international volunteers, who assisted the setting up, the implementation and the deconstruction of a festival in Bedepuszta, a village in rural Hungary that functions as an innovative, green creative gathering space and events village.

The European Solidarity Corps is a European Union programme, which provides volunteering, traineeship and job opportunities to young people who want to bring positive change to communities across Europe and beyond. It allows young people to develop themselves and gain valuable competences through an enriching experience abroad or in their home country, while promoting the value of solidarity, citizenship and social cohesion.
