What does my child's score mean?

ALINA recently took the initial ELPAC, which identifies students who need help learning English. Based on the results, ALINA is fluent in English. ALINA will not have to take the Summative ELPAC this spring. If you have questions about your child's ELPAC results, please contact your child's school for more information.

What Is and Why Do We Administer the Initial ELPAC?

This assessment is administered to students who speak a language other than English at home. The Initial ELPAC measures how much English a student knows and determines what support, if any, the student needs to succeed in school while receiving instruction in all school subjects.
